Education

Purdue University — Aug. 2023 – Present
Ph.D., Educational Psychology and Research Methodology (Advisor: Hua-Hua Chang) — West Lafayette, USA

Purdue University — Jan. 2026 – Present
M.S., Statistics (concurrent with the Ph.D.) — West Lafayette, USA

East China Normal University — Sep. 2020 – Jun. 2023
M.Ed., Educational Psychology — Shanghai, China

East China Normal University — Sep. 2016 – Jun. 2020
B.S., Statistics — Shanghai, China

Research Interests

I develop methods for adaptive, responsive, and self-renewing live digital assessment under changing conditions:

- **Real-Time Assessment Monitoring** of examinee behavior and item performance throughout live assessment
- **In-Session Intervention** to improve the accuracy and fairness of ability estimation
- **Continuous Item-Pool Maintenance** across administrations through online calibration, content screening, and replenishment with AI-assisted item generation

Honors and Awards

ETS Harold Gulliksen Psychometric Research Fellowship — Aug. 2026
NCME Graduate Student Works-in-Progress eBoard Competition, Award Winner — Apr. 2026
Psychometric Society Vector Travel Award — Jul. 2025
Ross Fellowship, Purdue University — Mar. 2023

Prior to Ph.D.

National Scholarship (top 1%), Ministry of Finance & Ministry of Education, China — Oct. 2022
Excellent Graduate (top 2%), East China Normal University — Oct. 2022
Shu Qing Encouragement Scholarship (top 1%), East China Normal University — Oct. 2021
Third Prize, Contemporary Graduate Statistical Contest in Modeling (Team Leader) — Dec. 2020
Second Prize, COVID-19 Data Analysis Contest (Team Leader) — Jul. 2020
National Encouragement Scholarship (top 2%), East China Normal University — Dec. 2019
Third Prize, Contemporary Undergraduate Statistical Contest in Modeling (Team Leader) — Nov. 2019
Shanghai Popular Science Education Innovation Award, Second Prize — Nov. 2019
Meritorious Winner, Interdisciplinary Contest in Modeling (ICM), COMAP — Feb. 2019
Third-Class Scholarship for Excellent Student, East China Normal University — 2017, 2019

Publications

Summary: 10 peer-reviewed journal articles published (**5 as first author**); 5 manuscripts under review or revision (2 as first author, 1 as co-first author); 2 book chapters; 12 conference presentations (11 as first author).

* *Equal contribution.*

Peer-Reviewed Journal Articles

Research Experience

Harold Gulliksen Psychometric Research Fellow — ETS Aug. 2026 – Present
Mentors: Sandip Sinharay and Michael Fauss Remote, USA

- Develop sequential methods for real-time detection of aberrant examinee behavior using joint response and response-time data (dissertation research).
- Completed a manuscript on forensic item clones for verifying external AI assistance and recovering ability estimates.

Psychometric Research Intern — NCCPA Jun. 2026 – Aug. 2026
National Commission on Certification of Physician Assistants Johns Creek, GA, USA

- Developed an LLM-based content-risk scoring rubric for certification items, rated by multiple large language models and evaluated with a generalizability study.
- Built a Bayesian change-point model that uses content-risk scores as prior information to detect compromised items in a longitudinal assessment program.

- First-authored manuscript under review at *Educational and Psychological Measurement*.

Graduate Research Assistant — Purdue University Aug. 2024 – Jul. 2025
School of Engineering Education; NSF Grant No. 2141847 West Lafayette, USA

- Developed, maintained, and refined CD-CAT algorithms; led parameter estimation, item-selection optimization, online calibration, and CAT tuning procedures; conducted simulation studies.
- Supported mathematics cognitive-diagnosis development and psychometric refinement; performed psychometric analyses of operational LASSO-platform data.

Volunteer Consultant — Psychometric Investigation Laboratory Dec. 2023 – Present
Purdue University West Lafayette, USA

- Advise on statistical methods, research design, and data management.

Research Assistant — East China Normal University Apr. 2021 – Jun. 2023
Suzhou Micro-Monitoring Project; "13th Five-Year Plan" Project Shanghai, China

- Modeled creativity data from 4,833 students across 48 schools using Rasch analysis and multilevel models.
- Analyzed teacher–student interactions from classroom video data.

Research Assistant — Chinese Hospital Association & ECNU Jul. 2021 – Sep. 2021
Clinical Pharmacist Training Evaluation Shanghai, China

- Analyzed student-satisfaction factors using ordinal logistic regression.

Research Assistant — Surveys and Data Center, ECNU Sep. 2019 – Jun. 2020
Quality-of-Life Survey Studies Shanghai, China

- Analyzed and cleaned large-scale survey data; co-authored two journal papers.

Teaching

Graduate Teaching Assistant — Purdue University Aug. 2025 – May 2026
College of Education West Lafayette, USA

- EDPS 32700 Classroom Assessment (Dr. Anne Traynor).

Workshop Instructor — Psychometric Investigation Laboratory Dec. 2023 – Present
Purdue University West Lafayette, USA

- *Using Machine Learning to Analyze Educational Data* workshop series.

Professional Service

Conference Reviewer

NCME Annual Meeting — Individual Paper Proposals (10 proposals) 2027
AERA Annual Meeting — SIG-Computer and Internet Applications in Education (3 proposals) 2027
NCME AIME-Con — Innovation Demonstration & Paper/Poster Session Review Modules (7 proposals) 2026

Journal Reviewer

Psychometrika 2025, 2026
Journal of Computerized Adaptive Testing 2025
